CHIP Team Priority Area: PNHSS, Supportive services for people who are unstably housed Date: February 6, 2023									
Goal: Identify sustainable funding source for supplemental services									
Objective 1:									
Strategies (Method/approa ch used to accomplish the objective)	Tactics/Activities (Specific actions planned)	Timeline (When will the activity begin & end)	Roles/Responsibilities (Who is responsible for the activities)	Resource Needs (What is needed to do the activities)	Outcomes (What are the desired results)	Evaluation Metrics (How will we measure the outcomes)	Status/Notes (What is the project status, other project notes)		

CHIP Team Priority Area: PNHSS, Supportive services for people who are unstably housed Date: February 6, 2023 Goal: Improve coordination between agencies to decrease burden on individuals **Objective 1: Develop process to perform individual assessment of each individual's situation Tactics/Activities Roles/Responsibilities** Status/Notes Timeline Resource **Evaluation Metrics** Strategies Outcomes (Specific actions planned) (When will (Who is responsible for the activities) (Method/approa (What are the desired results) (How will we measure the (What is the project status, Needs (What is ch used to the activity other project notes) outcomes) needed to do accomplish the begin & end) the activities) objective) Objective 2: Determine if there is a way for people to ask for anonymous funding or support that involves minimal reporting **Tactics**/Activities Timeline **Roles/Responsibilities** Strategies Resource Outcomes **Evaluation Metrics** (Method/approach (Specific actions planned) (When will (Who is responsible for the activities) (What are the desired results) (How will we measure the Needs (What is the activity used to accomplish outcomes) needed to do the objective) begin & the activities) end)

Meeting Notes

Are there other topics that should be the focus of a working group besides Transportation and Navigators?

Unrestricted funding to meet basic needs (storage units, temporary housing, moving assistance, pest control)
Facility updates, modifications, and practice changes to meet ADA requirements
Improved landlord engagement around housing vouchers
Gas vouchers, insurance, registration for vehicles (which sometimes double as housing)
Flexible support to trusted agencies
Mold testing kits for rental housing, support for improvements
Medical respite or hospice
Temporary title: Financial services to address rental housing gaps, Supportive services for people who are unstably housed

Goals:

(1) Identifying and addressing service gaps for individuals who are unstably housed

(2) Create map or flow chart for housing funding sources that includes wait time to receive funding and end dates for applications

(3) Identify sustainable funding source for supplemental services

(4) Improve coordination between agencies to decrease burden on Individuals

Strategies:

(1) Research existing sources to help with navigation

(2) Identify existing flexible funding sources

(3) Perform individual assessment of each individual's situation

(4) Find out if there is a way for people to ask for anonymous funding or involving less reporting
