*Monroe County Redevelopment Commission
Bloomington, Indiana*

RE: WESTSIDE EDA TIF ANNUAL REPORT FOR 2018

Redevelopment Commission Members:

We have prepared a report entitled, "Monroe County, Indiana, Westside Economic Development Area, TIF Annual Report to Fiscal Body for 2018" (the "Report"), dated March 18, 2019, which we respectfully submit herewith.

This Report is intended to meet the TIF reporting requirements of IC 36-7-14-13. The Redevelopment Commission must file this report with the County Council by April 15. In addition, the County must submit this report to the Department of Local Government Finance prior to April 15.

This Report will be uploaded to the Electronic Municipal Market Access system (EMMA), as required by the Continuing Disclosure requirement for the Commission's bonds.

The findings and conclusions of the Report are as found on EXHIBIT C.

This Report is not intended to be used in a financing unless consent is given by Financial Solutions Group, Inc.

There will usually be differences between the projected and actual results because events and circumstances frequently do not occur as expected. Those differences may be material. We have no responsibility to update the Report for events and circumstances occurring after the date of the Report.

Sincerely,

Financial Solutions Group, Inc.

A handwritten signature in black ink, appearing to read 'Gregory T. Guerrettaz'.

Gregory T. Guerrettaz

MONROE COUNTY, INDIANA

Westside Economic
Development Area

PURPOSE OF REPORT

The purpose of this Report is to analyze the tax allocation area known as the Westside Economic Development Area, in an effort to give the County some assurance that revenue will be sufficient to pay debt service. In preparing our Report, we have analyzed a substantial amount of data and have arrived at certain conclusions (as detailed and presented in our *Summary of Findings* in this Report).

The approach for our Report is to detail where the District has been, where the District is now and where the District will go in the future, from an economic point of view. We have set forth the *Parcel Analysis*, by year, as APPENDIX A to this Report.

This Report is designed to meet the requirements of IC 36-7-14-13, which requires the Redevelopment Commission to submit an annual report to the County Council by April 15 each year. The County is required to submit the Report to the Department of Local Government Finance by April 15. In addition, this Report can be used by the Commission to determine how much captured assessed value, if any, can be passed through to underlying taxing districts. This determination must be made by June 15 each year and be sent to the County Auditor. We have set forth, in our findings, points that the Commission needs to address.

MONROE COUNTY, INDIANA

Westside Economic
Development Area

GENERAL INFORMATION ABOUT THE AREA

Tax Increment Financing

The Monroe County Redevelopment District Bonds of 2007 were issued to fund the construction of a new Life Sciences building to further enhance development in the area. In 2013, the Monroe County Redevelopment District Bonds of 2013 were issued to fund the purchase of a building to be used for education and training in the area. The Commission issued \$3,500,000 of Redevelopment District Bonds of 2015 to fund construction of a new road to connect Daniels Way and Wellness Way to Hartstraight Road. The Commission called for early redemption (\$3,360,000) of its Redevelopment District Bonds of 2007 on January 15, 2018. This early redemption reduced future interest costs by over \$550,000.

The Monroe County Allocation Area

The Allocation Area is comprised principally of commercial property located in the Westside Industrial area north of State Road 48. On February 25, 1993, the Monroe County Redevelopment Commission (the "Commission"), pursuant to Resolution No. 93-01, declared the Westside Economic Development Area ("WED") to be designated an economic development area under IC 36-7-14, as amended. There were originally sixty (60) parcels in the WED Area, with six hundred twenty-five (625) acres available for development within the TIF boundaries. In 2018, the Redevelopment Commission amended the WED Area to remove two parcels for taxes payable in 2019.

Since its establishment, there has been a substantial amount of growth in the Allocation Area. With the completion of additional industrial office space, along with ongoing construction in the area, the County expects that the Allocation Area will continue to grow.

Bond Funds and Accounts - County Level - 2013 Bonds and 2015 Bonds

The Bond Resolution states that all Tax Increment collected in the Allocation Area shall be, immediately upon receipt by the Commission, set aside in the Commission's Allocation Fund, for the purpose of paying debt service on the Bonds. Any Tax Increment that exceeds the debt service on the Bonds is to be placed in a Surplus Fund. To the extent Tax Increment and amounts in the Surplus Fund are not sufficient to pay debt service, a Special Benefits Tax shall then be levied. The following information is a summary of the funds and accounts established in the Bond Resolution. The provisions of the agreement are listed below and presented in the future tense.

(Continued)

Allocation Fund – 2013 Bonds and 2015 Bonds

The Allocation Fund is to be used to pay debt service due within the next twelve calendar months, to the extent required and permitted by the Bond Resolution. In addition, it will be used to pay amounts due within the next twelve calendar months, under any obligation or leases junior and subordinate to the Bonds. The obligation to pay debt service is limited to monies in the Allocation Fund, including Tax Increment and the Special Benefits Tax, and in the Surplus Fund and investment earnings. Any funds not needed for the purposes listed above shall be deposited in the Surplus Fund.

Surplus Fund – 2013 Bonds and 2015 Bonds

Any funds in excess of the Allocation Fund and investment earnings are to be placed in the Surplus Fund. The Surplus Fund, and investment earnings thereon, shall be held by the Treasurer of the County to secure the Commission's obligation under the Bond Resolution. Money in the Surplus Fund may be used to pay debt service, pay additional debt service due, pay to acquire or construct additional local public improvements in the WED Area and pay additional debt service to redeem or purchase Bonds prior to maturity.

Bond Principal and Interest Account – 2013 Bonds and 2015 Bonds

Debt service shall be payable to the Bond Principal and Interest Account of the Allocation Fund, an amount of money which, after taking into account monies already in the Bond Principal and Interest Account and the Capitalized Interest Account, is at least equal to the debt service due and payable on the immediately succeeding January 15 or July 15, until the amount on deposit in the Bond Principal and Interest Account is sufficient to pay debt service on the Bonds during the next twelve months. The pledge of tax increment, to pay debt service, shall be on parity with the 2013 Bonds and the 2015 Bonds. No deposit need be made to the Bond Principal and Interest Account, to the extent that the amount contained therein (together with funds available in the Capitalized Interest Account, if any) is at least equal to the aggregate amount of debt service becoming due and payable on all outstanding Bonds during the next twelve months. All money in the Bond Principal and Interest Account shall be used and withdrawn solely for the purpose of paying debt service (and the redemption premium, if any) on the Bonds as it shall become due and payable (including accrued interest on any Bonds purchased or redeemed prior to maturity).

(Continued)

Debt Service Reserve Account – 2013 Bonds and 2015 Bonds

Proceeds of the 2013 Bonds and the 2015 Bonds, or cash on hand, in an amount equal to the debt service reserve requirement, shall be deposited in the Debt Service Reserve Account, upon issuance of the Bonds. Monies deposited and maintained in the Debt Service Reserve Account shall be applied to the payment of the principal of and interest on the Bonds, to the extent that amounts in the Bond Principal and Interest Account and the Surplus Fund are insufficient to pay debt service when due and payable. If monies in the Debt Service Reserve Account are transferred to the Bond Principal and Interest Account to pay debt service on the Bonds, the depletion of the balance in the Debt Service Reserve Account shall be made up from any monies in the Surplus Fund and from the next available tax increment after the required deposits to the Bond Principal and Interest Account are made. Any monies in the Debt Service Reserve Account, in excess of the Debt Service Reserve requirement, shall be deposited in the Bond Principal and Interest Account and applied.

INSUFFICIENT FUNDS

Special Benefits Tax

The Special Benefits Tax is a tax levied on all taxable property in the Monroe County Redevelopment District. On July 1, the Commission shall estimate the amount of Tax Increment to be collected in the subsequent calendar year. If the estimated amount of Tax Increment is not enough to cover the debt service on the Bonds, and if the funds in the Allocation Fund and the Surplus Fund are not available, or will not be available at the time the debt service payments are due, then the Commission shall, annually, levy a tax on property in the Monroe County Redevelopment District, in an amount sufficient, with the Tax Increment and with funds in the Surplus Fund, to pay the debt service on their due dates. The Special Benefits Tax will, upon receipt, be deposited in the Allocation Fund.

(Continued)

**CITY OF BLOOMINGTON AND MONROE COUNTY AGREEMENT REGARDING TIF
REVENUE FROM THE COUNTY'S WESTSIDE DISTRICT
(Original)**

Readers should be aware of an agreement between the City of Bloomington (the "City") and Monroe County (the "County") for the distribution of TIF when the City annexes into the TIF District. The County shall pay, annually, to the City, an amount equal to the increase in assessed value over the base values of the parcels labeled **Richland City** in APPENDIX A of this Report. There are currently seven parcels with a base value of \$328,307. Only 20% of the assessed value of Parcel #53-04-36-405-002.000-012 is shared between the County and City. The remaining 80% is captured by the City only.

The growth in assessed value will be multiplied times the Richland City tax rate, less the property tax replacement credit, and the amount of this computation will then go to the City, semi-annually.

This calculation is intended to leave the County with the same revenue it would have received had the City not annexed the property. A determination, by the County, could be made (in the event that revenue is not available to pay the current outstanding Bonds) to not pay the City the revenue. This determination must be made, annually, and shall not terminate the agreement.

MONROE COUNTY, INDIANA

Westside Economic
Development Area

SUMMARY OF FINDINGS

Findings

As a result of our inquiries, due diligence and investigations incident to the preparations of this Report, we have the following general findings concerning the Tax Increment Revenue in the Allocation Area:

1. Several issues arose, during the last few years, which appear to be corrected going forward;
2. The Commission should close the Debt Service Reserve Fund for the 2007 Bonds held by Old National Bank. Those remaining funds should be returned to the County Fund #4920;
3. The County should continue to review the agreement with the City of Bloomington (as described on Page 6 of this report) and make sure TIF revenue is distributed correctly;
4. A large taxpayer in the Area (General Electric) closed its facility. This resulted in a reduction of \$19,253,200 in captured personal property assessed value for taxes payable in 2018. In addition, the County Assessor reduced the Pay 2018 real property assessed value to \$6,594,200 (the real property was previously valued at \$10,815,500). In order to assist with the redevelopment of the property, the Commission has removed this parcel, along with an adjoining parcel, to create a new TIF District for taxes payable in 2019;
5. FSG Corp. has reviewed several pending appeals with the County Assessor and will continue to review those for possible impact on future TIF reviews; and
6. The Commission should spend the remaining \$3,164,876.09 of the 2015 Bond Proceeds held by Old National Bank.

(Continued)

~~~~~ Positive Points ~~~~~

1. The County has maintained a strong coverage ratio of TIF revenue to debt service and continues to have a strong cash balance;
2. The County has successfully financed several large capital projects in the Area while maintaining the cash balance; and
3. The County called the 2007 Bonds for early redemption on 01/15/2019.

Recommendation

The County should take the parcel listings attached and map the parcels with GIS, creating a "new map". The new map should then be compared to the original TIF maps.

Compliance Issues

1. The Commission has been complying with the Continuing Disclosure Certificate, which states:
 - (a) The Commission undertakes to provide the following annual financial information:
 - (i) To each NRMSIR and SID, within 180 days of the close of each fiscal year of the Commission, beginning with the fiscal year ending December 31, 1996, annual financial information, other than the audited financial statements described in (2) below, consisting of information on Tax Increment (as defined in the Lease) collections and property tax collections in Monroe County, Indiana; and
 - (ii) To each NRMSIR and SID, the audited financial statements of Monroe County, Indiana, for such fiscal year as prepared and examined by the State Board of Accounts, together with the opinion of such accountants and all notes thereto, upon receipt from the State Board of Accounts.

Base Adjustments

The County, with FSG Corp.'s assistance, has adjusted the base in a very positive way, allowing benefits to flow to the underlying tax districts and the TIF area.
